

## Imam Abdul Malick's Passing - A Huge Loss For The Community of Bosmont

A member of the Bosmont Masjid committee has described the passing away of Imam Abdul Malick as a huge loss for the community.

Imam Malick Johannes was the resident Imam of the Bosmont masjid and a community leader.

Imam Malick passed away on Wednesday morning 5 December, after battling to recover from an operation to remove a tumor from his brain. Speaking to Radio Islam, committee member Faizel Sallie said Imam Malick fell ill while he was on Hajj (pilgrimage) as a spiritual leader this year.

"I got word that Imam got ill, and when I enquired with them while they were on Hajj, He downplayed the whole situation to me, he got a bit of heat stroke because it was very hot, when he came back, doctors examined him and they detected a tumor on the brain."

Sallie added that the manner in which the community supported Imam Malick and his family during this difficult period has been overwhelming.

Imam Malick was buried at the Newclare cemetery after Esha Salaah. (Radio Islam International - 2018/12/05)

Salat Janazah Al Ghaib was performed for Imam Malick Johannes by Imam Mukhtar Ubnu, Masjid Al Azhar, Jakarta, Indonesia, after Jumua Salaah (their time).

We, at Horizon, wish his family and the community ease at this times.

## Moulana Suleman Moola talks about Giving

"Just over a decade ago, while walking out of the Houghton Musallah, where I was Imam at that time, a young man tapped me on the shoulder and asked for my advice on an idea that he had. Ten years later that idea manifested this company that today is contributing to communities throughout SA with their award winning App." This is how Moulana Suleman Moola remembers his first encounter with Al-Firnas Patel, current Managing Director of Crescent Lifestyle.

Once a year the company distributes a portion of its net profit to charities nominated by its members. 2018 was a massive year for Crescent Lifestyle as they reached the milestone encapsulated in the #10yearsR5million. Crescent Lifestyle celebrated this feat by giving away a combined amount of R505 766 with R85 000 going to 3 charities, as part of a nationwide campaign spearheaded by South African Springbok flank, Nizaam Carr, Social media influencer and entrepreneur, Fehmida Jordaan (aka Fehmz) and Durban based Fitness icon and Biokineticist Raeesa Solwa Mehthar.

An event was held to celebrate the 2018 Beneficiary Payout MC'd by Honorary Protea

Motivational speaker, and TV and radio personality, Abdul Manack. Moulana Suleman Moola reflected on his experiences as an Al-Imdaad ambassador in the poorest, most embattled parts of the Muslim world. He reminded us that the amounts donated by Crescent Lifestyle to organisations like Al-Imdaad and Gift of the Givers, are ultimately what makes it possible for these organizations to undertake their operations. Every single amount paid out to every single one of the charities is only possible because of the generosity of Crescent Lifestyle members. We thank you for your loyalty and continued support and we pray to bring you more opportunities to connect and give back to your communities.

Nizaam Carr won R50 000 for Beitul Aman Old Age Home in Cape Town and Crescent Lifestyle Regional Manager, Zeenat Patel had the audience in tears as she recounted the circumstances of the residents of Beitul Aman. The Home has a waiting list, which in itself is a tragic occurrence for our Muslim Ummah. Fehmz won R10 000, which Al-Firnas Patel

increased to R25 000, for Ihsan School in Crosby, which is a school for people with special needs. Raeesa Solwar Mehtar won R10 000 for Al-Ansaar Foundation, which as she mentioned has numerous outreach programs and is one of very few organisations doing this work in KZN. Some of the charities which were on hand to receive cheques are: Gift of the Givers, Al-Imdaad - R23 994,72, Beitul Aman -R50 000, Ikageng-Orphans with HIV - R23 108,12 Baitul ilm (Bushkoppies) - R14 242,15, Ihsan School - R25 000, F.E.E.D SA - R6 320,46, Muslim Aids Program /Islamic Careline - R10 073,26, Sultan Bahu -R18 524,22 For a full list of beneficiary payment details visit [www.crescentlifestyle.com](http://www.crescentlifestyle.com) Here is looking at the next 10 years and spreading the light even further.

## Print versus digital

Four reasons why print is still around

Over the past few years, the digital age has made a major impact on how business is done and how consumers are engaged. However, in the age-old battle of print versus digital, why is it that print still comes out on top?

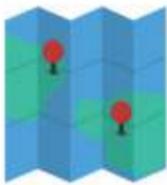

### 1. People like engaging with print materials

Print is still very much ingrained in consumers' collective memory. This means that people continue to be attracted to, and willing to read, print media.

### 2. Print stimulates more senses

The tangibility that print has to offer makes readers pay more attention to the content. This is because readers have to actively engage with print to read it - they have to pick up the content, hold it and, sometimes, smell it.

### 3. Different print channels have their own benefits

When you think of print media, what do you think of? Newspapers, magazines, leaflets? Each type of content has something to offer and has found its own niche of readers, playing a very specific role in their lives.

### 4. Print can truly captivate readers

There are few distractions for a reader. Once they start reading, there are no other bits of news, auto-playing videos or pop-ups taking the spotlight off the article. This guarantees a greater engagement with the brand.

Print media is surviving in spite of the predictions of some doomsayers. In fact, in a number of areas, it remains the preferred format. As the dust from digital's disruption begins to settle, print may be finding some safe footing once again.

## AHMED KATHRADA PRIVATE HOSPITAL

# OUR NUMBERS ARE CHANGING!

The Ahmed Kathrada Private Hospital telephone number will be changing to

**0 8 7 0 8 7 0 6 4 2**

Our doctors and allied services numbers will also be changing, for further information please check out our website or obtain a doctors' listing from our reception or your doctor's room.
